Notice of Complaint and Appeal Procedures - TEXAS

Please read this notice carefully. Please also review your plan documents and Explanation of Benefits you receive with a benefit decision resulting from a claim or elective request for a pre-treatment estimate of benefits. This notice contains important information about how to file complaints or appeals.

I. Definitions

“Adverse Determination” means that benefits are not available based on a utilization review determination that services provided or proposed are not medically necessary or are experimental. All adverse determinations are made by licensed dentists. Adverse determinations are made in accordance with the Utilization Review Agent's (URA) Clinical Guidelines, which are based upon Current Dental Terminology nomenclature and definitions, as well as professional clinical standards of care garnered through clinical experience and publications by organized dentistry.

“Complaint” means an oral or written expression of dissatisfaction concerning the URA's process in conducting a utilization review. The term "complaint" does not include an expression of dissatisfaction constituting an appeal or a misunderstanding or misinformation that is resolved promptly by supplying the appropriate information or by clearing up the misunderstanding to the satisfaction of the complaining party.

“Independent Review Organization” (“IRO”) means an entity authorized by the Texas Department of Insurance to provide an external review of an adverse determination.

“Prospective Review” means a benefits review prior to receiving a service. Prospective reviews are not required under this policy, but you or your provider may choose to request a pre-treatment estimate of benefits before a service is performed.

“Reasonable Opportunity” means at least one documented good faith attempt to contact the provider of record that provides an opportunity for the provider of record to discuss the services under review with us during normal business hours prior to issuing a prospective, concurrent, or retrospective utilization review adverse determination:

- (A) no less than one working day prior to issuing a prospective utilization review adverse determination;
- (B) no less than five working days prior to issuing a retrospective utilization review adverse determination; or
- (C) prior to issuing a concurrent or post-stabilization review adverse determination.

“Retrospective Utilization Review” means a form of utilization review for health care services that have been provided to a member. Retrospective utilization review does not include review of services for which prospective or concurrent utilization reviews were previously conducted or should have been previously conducted.

II. Our Benefit Notices

If we make an adverse determination as defined above, after giving the treating provider a reasonable opportunity for discussion, you, an individual acting on your behalf, and the provider will have access to our appeals process even if the discussion does not occur. An Explanation of Benefits or Payment will also be included, that includes:

- 1. the principal reason for the benefit decision, and
- 2. the clinical basis and description or source of screening criteria.

For adverse determinations, you, an individual acting on your behalf, or the provider has a right to request a review by an IRO. You can request an immediate review by an IRO in cases of life threatening conditions. Please find attached the Independent Review request forms.

IV. Levels of Review Available

A. Our Internal Review

The member or someone acting on the member's behalf and the provider of record have the right to appeal an adverse determination (denial) orally or in writing. A licensed dentist who has not previously reviewed the case will make the appeal decision. The appealing party must send us the appeal no later than 30 calendar days after the date of this letter.

- **Written Appeal:** To submit a written appeal, mail or fax the written appeal to the address or fax number listed above.
- **Oral Appeal:** To file an oral appeal, call the following toll-free number: 877-897-4328.

There are three types of appeals:

- **Standard Appeal:** An appeal that does not involve urgent care such as emergency care, life-threatening conditions, or continued hospitalization.
- **Expedited Appeal:** An expedited appeal is available for emergency care, life-threatening conditions, and hospitalized members. An expedited appeal is also available for denials of prescription drugs and intravenous infusions for which the member is currently receiving benefits.
- **Acquired Brain Injury Appeal (this type of appeal may not be applicable in your case):** An appeal of denied services concerning an acquired brain injury.

Appeal Acknowledgment: Within five working days of receipt of the appeal, we will send the appealing party a letter acknowledging the date that we received the appeal and a list of documents that we may need for the appeal. If the appeal is oral, we will send the appealing party a one-page appeal form. The appealing party does not have to return the appeal form but we encourage its return because the form will help us resolve the appeal.

Our deadlines to resolve the appeal and send a written decision to the member or someone acting on the member's behalf and the provider of record are:

- **Standard Appeal:** 30 calendar days of receipt of the appeal
- **Expedited Appeal:** One working day from the date we receive all information necessary to complete the appeal. We may provide the determination by telephone or electronic transmission, but will provide a written determination within three working days of the initial telephonic or electronic notification.
- **Retrospective (claim) Appeal:** 30 calendar days after receipt of appeal. However, we may extend this deadline once for a period not to exceed 15 days.
- **Acquired Brain Injury Appeal (this type of appeal may not be applicable in your case):** Not later than three business days after the date on which the individual submits the appeal. The notification of the determination must be provided through a direct telephone contact to the individual making the request. We will provide a written determination within 30 calendar days of receipt of the appeal.

Life-Threatening Conditions: If the patient has a life-threatening condition or receives a denial for prescription drugs or intravenous infusions for which they are currently receiving benefits, the patient, or someone acting on the patient's behalf, and the provider of record can request an immediate review by an independent review organization (IRO) and is not required to follow our internal appeal procedures. See below for more information about the independent review.

After our internal review of your appeal, we will send a written decision, including:

- A statement of the specific medical, dental, or contractual reasons for the resolution;
- The clinical basis for the decision
- A description of or the source of the screening criteria that were utilized in making the determination
- The professional specialty of the provider who made the determination
- Notice of the appealing party's right to seek review of the adverse determination by an IRO under 28 TAC 19.1717
- A copy of a request for a review by an IRO form;
- Procedures for filing a complaint as described in 28 TAC 19.1705 (f).

Exhaustion of Internal Appeals: We will not require exhaustion of our internal appeals process if: (a) we fail to meet our internal appeal process timelines, or (b) the claimant with an urgent care situation files an external review before exhausting our internal appeal process, or (c) we decide to waive the appeal process requirements.

B. Independent Review

If we deny the appeal (continue to deny the services or treatment described above), the member or someone acting on the member's behalf and the provider of record have the right to request a review by an IRO. The IRO does not have an affiliation with your payor (insurance company or health plan), your health care providers, or the URA. To request the independent review, fill out the enclosed form and return it to the address or fax number listed in Section III. above. The patient, parent, or the patient's legal guardian must sign the consent to release medical information to the IRO (included as part of the IRO form). We will notify the Texas Department of Insurance of the request for an Independent Review within one working day from the date the IRO request is received. The Texas Department of Insurance will randomly assign an IRO to review the matter. We will provide all required information to the IRO within three working days after the date we receive a request for IRO review. We will bear the costs of the Independent Review and will comply with their benefit decisions.

V. Complaint Procedures

The enrollee, an individual acting on behalf of the enrollee, or the provider of record may file an oral or a written complaint regarding our utilization review process or procedures by using the contact information listed above. We will respond to your complaint within 30 calendar days.

IMPORTANT INFORMATION ABOUT COVERAGE UNDER THE TEXAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

(For insurers declared insolvent or impaired on or after September 1, 2011)

Texas law establishes a system to protect Texas policyholders if their life or health insurance company fails. The Texas Life and Health Insurance Guaranty Association ("the Association") administers this protection system. Only the policyholders of insurance companies that are members of the Association are eligible for this protection which is subject to the terms, limitations, and conditions of the Association law. (The law is found in the Texas Insurance Code, Chapter 463.)

It is possible that the Association may not protect all or part of your policy because of statutory limitations.

Eligibility for Protection by the Association

- Residents of other states, ONLY if the following conditions are met:

- Present value of unallocated benefits up to a total of \$5,000,000 for one contractholder regardless of the number of contracts.

Aggregate Limit:

- \$300,000 on any one life with the exception of the \$500,000 health insurance limit, the \$5,000,000 multiple owner life insurance limit, and the \$5,000,000 unallocated group annuity limit.

These limits are applied for each insolvent insurance company.

Insurance companies and agents are prohibited by law from using the existence of the Association for the purpose of sales, solicitation, or inducement to purchase any form of insurance. PAYMENT OF PREMIUMS. The first premium will be due on the Policy Effective Date to cover the period from that date to the first Premium Due Date. Other premiums will be due on or before each Premium Due Date. Premiums are payable at our Home Office or at some other location to which we and the Policyholder agree.

PREMIUM DUE DATE. The Premium Due Date will be the first day of the month that falls on or after the Policy Effective Date. If we agree with the Policyholder to the payment of premiums on a basis other than monthly, the Premium Due Date will be fixed to match the correct basis. If there is a change in the method of payment or Premium Due Date, a pro-rata charge in the premium due will be made.

PREMIUM STATEMENTS. The premium due as of any Premium Due Date is the number of units in force on such date for each type of insurance multiplied by the rate shown in the Table of Premium Rates. A premium statement will be made as of the Premium Due Date showing the premium payable. If premiums are payable on other than a monthly basis, each statement will show any pro-rata premium charges and credits in the last premium period due to changes in the number of Insureds and in the amount of insurance for which people are insured. This is subject to the rules below.

SIMPLIFIED ACCOUNTING. The premium will start on the Premium Due Date falling on or after the date the insurance or the increase in the insurance is effective for: a) a person becoming insured; or b) an increase in the amount of insurance on any person. The premium will stop on the Premium Due Date falling on or after the date of termination of insurance or through the date of service of the last paid claim. There will be no pro-rata charges or credits for a partial month. If premiums are payable other than monthly, charges and credits will be figured as though the Premium Due Date is monthly.

We will be liable for the return of unearned premiums (premium for the period which claims were not paid) to the Policyholder only for the 12 months before the date we receive evidence that a return is due.

ADJUSTMENTS IN PREMIUM RATES. We may change the rates shown in the Table of Premium Rates by giving the Policyholder at least 60 days advance written notice. We may change the rates at any time the Schedule of Benefits, or any other terms and conditions of the policy, are changed. We will not change the rates until the Renewal Date shown on the policy cover or more than once in any 12 month period thereafter, unless there is a change in the Schedule of Benefits or a change in any other terms and conditions in the policy.

Notwithstanding the above, We the Company reserves the right to change any one or more of the rates prior to the Renewal Date or more than once in any 12 month period thereafter upon the occurrence of any one or more of the following:

1. We determine that the average number of dependent children for each Insured with Dependent coverage exceeds 4.0; and/or
2. We determine that the number of Insureds is less than 80% of those Insureds initially enrolled under the Policy as of either (i) the Plan Effective Date, if during the period of time between the Plan Effective Date and the Renewal Date, or (ii) the most recent 12 month anniversary of the Renewal Date; and/or
3. We are required by either the federal government or by any state or local government or by any agency thereof to change benefits as a result of regulatory change or pay a new or increased tax, assessment, or monetary charge of any kind (other than a new or any increase to the amount of tax we pay based upon our net operating income). Such taxes, assessments or fees would include those that are charged or assessed in connection with the operation of a health care exchange authorized by federal or state law.

Should any of the above occur and should we elect to change rates as a result, we agree to notify the Policyholder of the corresponding rate changes at least 60 days in advance of the Premium Due Date for which the rate change shall be effective. The right to change rates as well as the timing of such changes in the above limited situations shall at all times be subject to applicable state laws and regulations.

Active service refers to the performance in the customary manner by an employee of all the regular duties of his or her employment with his or her employer on a full time basis at one of the employer's business establishments or at some location to which the employer's business requires the employee to travel.

A Member will be in active service on any regular non-working day if he or she is not totally disabled on that day and if he or she was in active service on the regular working day before that day.

Class 1

PEDIATRIC DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Procedures identified as Essential Health Benefits on the Table of Dental Procedures under this policy are not subject to annual or lifetime maximums.

BENEFIT PERIOD. Benefit Period refers to the period shown in the Table of Dental Procedures.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the Maximum Allowable Charge ("MAC") as covered under your plan.
3. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Contracting Provider

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by your provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Contracting Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request existing pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

EXPENSES INCURRED. An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a dental prosthesis or prosthetic crown. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for initial placement of any dental prosthesis or prosthetic crown unless such placement is needed because of the extraction of one or more teeth while the insured person is covered under this contract. But the extraction of a third molar (wisdom tooth) will not qualify under the above. Any such dental prosthesis or prosthetic crown must include the replacement of the extracted tooth or teeth.
2. for appliances, restorations, or procedures to:
 - a. alter vertical dimension;
 - b. restore or maintain occlusion; or
 - c. splint or replace tooth structure lost as a result of abrasion or attrition.
3. for any procedure begun after the insured person's insurance under this contract terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Insured's insurance under this contract terminates.
4. to replace lost or stolen appliances.
5. for any treatment which is for cosmetic purposes.
6. for any procedure not shown in the Table of Dental Procedures. (There may be additional frequencies and limitations that apply, please see the Table of Dental Procedures for details.)
7. for orthodontic treatment under this benefit provision. (If orthodontic expense benefits have been included in this policy, please refer to the Schedule of Benefits and Orthodontic Expense Benefits provision found on 9260).
8. for which the Insured person is entitled to benefits under any workmen's compensation or similar law, or charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
9. for charges which the Insured person is not liable or which would not have been made had no insurance been in force, except for those benefits paid under Medicaid.
10. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
11. because of war or any act of war, declared or not.

NON-PEDIATRIC DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

TABLE OF DENTAL PROCEDURES

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY FOR YOUR PROCEDURE FREQUENCIES AND PROVISIONS.

The attached is a list of dental procedures for which benefits are payable under this section and is based upon the Current Dental Terminology © American Dental Association. **No benefits are payable for a procedure that is not listed.**

- Your benefits are based on a Calendar Year. A Calendar Year runs from January 1 through December 31.
- Benefit Period means the period from January 1 of any year through December 31 of the same year. But during the first year a person is insured, a Benefit Period means the period from his or her effective date through December 31 of that year.
- Covered Procedures are subject to all plan provisions, procedure and frequency limitations, and/or consultant review. Examples of procedures which may be subject to Alternate Benefits are crowns, inlays, onlays, fixed partial dentures, composite restorations, and overdentures. Examples of procedures which may be subject to plan payments based on consultant review are services related to oral maxillofacial surgery, fixed partial dentures, periodontics, and endodontics.
- Reference to "traumatic injury" under this plan is defined as any injury caused by an object or a force other than bruxism (grinding of teeth).
- Benefits for replacement dental prosthesis or prosthetic crown will be based on the prior placement date. Frequencies which reference Benefit Period will be measured forward within the limits defined as the Benefit Period. All other frequencies will be measured forward from the last covered date of service.
- We may request existing radiographs, periodontal charting, surgical notes, narratives, photos and/or a patient's records on any procedure for our dental consultants to review. Commonly reviewed procedures include: Periodontic procedures, Oral Maxillofacial Surgical procedures, Implants, Crowns, Inlays, Onlays, Core Build-Ups, Fixed Partial Dentures, Post and Cores, Veneers, Endodontic Retreatment, and Apexification/Recalcification procedures.
- We recommend that a pre-treatment estimate be submitted for all anticipated work that is considered to be expensive by our insured.
- A pre-treatment estimate is not a pre-authorization or guarantee of payment or eligibility; rather it is an indication of the estimated benefits available if the described procedures are performed.

MEDICALLY NECESSARY ORTHODONTIC EXPENSE BENEFITS

Class Number 1

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured. This policy provision only covers orthodontic expenses that are deemed to be Medically Necessary as defined by the benchmark dental plan selected by the state in which this policy was purchased. Medically Necessary orthodontic benefits are not subject to annual or lifetime maximums.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for Medically Necessary orthodontic treatment rendered while the person is insured under this section. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for the prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge of the least expensive procedure. This provision is NOT intended to

dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request pre-operative dental x-ray films, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits and/or whether the orthodontic treatment requested meets the medical necessity criteria before any treatment begins. Ask your provider to submit a claim form for this purpose.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Insured's 19th birthday.
2. for a Program which uses a material other than metal brackets for treatment. The benefit will be considered as though metal brackets were applied.
3. for a Program begun before the Insured became covered under this section.
4. in any quarter of a Program if the Insured was not covered under this section for the entire quarter.
5. for a program more than once in a lifetime.
6. if the Insured's insurance under this section terminates.
7. for which the Insured is entitled to benefits under any workmen's compensation or similar law, or for charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
8. for charges the Insured is not legally required to pay or would not have been made had no insurance been in force, except for those benefits paid under Medicaid.
9. for services not required for necessary care and treatment or not within the generally accepted parameters of care.
10. because of war or any act of war, declared or not.
11. for a procedure not listed on the Table of Medically Necessary Orthodontic Procedures.
12. to fix or repair broken or damaged orthodontic appliances.
13. to replace lost, missing or stolen orthodontic appliances.
14. for orthodontic services that are not Medically Necessary as defined herein.
15. for expenses incurred as a result of the Insured not being compliant with the Treatment Program.
16. for services to alter vertical dimension and/or restore or maintain the collusion due to, but not limited to the following: equilibration, periodontal splinting, full mouth rehabilitation, and restoration for misalignment of teeth.

The attached is a list of orthodontic procedures for which benefits are payable under this section and is based upon the Current Dental Terminology © American Dental Association. **No benefits are payable for a procedure that is not listed. ORTHODONTIC EXPENSE BENEFITS

Class Number 1

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is insured under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. However, the first payment will be 25 percent of the total allowed Covered Expense. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Insured's 19th birthday.
2. for a Program begun before the Insured became covered under this section.
3. in the first 12 months that a person is insured if the person is a Late Entrant.
4. before the Insured has been insured under this section for at least 12 consecutive months.
5. in any quarter of a Program if the Insured was not covered under this section for the entire quarter.
6. if the Insured's insurance under this section terminates.

Unless we receive a written Assignment of Benefits to the contrary, we pay benefits to the Contracting Provider for services and supplies performed or furnished by them. When a Non-Contracting Provider performs services, we pay benefits to the Insured unless arranged differently through an Affiliate or Open Access provider, or otherwise required by state regulation.

EXTENSION OF BENEFITS

If your policy terminates, we will pay claims for eye care services and supplies that you received or ordered prior to your policy's termination. You will have six months following the date of service to submit your claim. If it was not reasonably possible to submit a claim within the period stated above, we will not reduce or deny the claim for this reason if the claim is submitted as soon as is reasonably possible.

COORDINATION OF BENEFITS

The Coordination of Benefits (COB) provision applies if an Insured person has dental coverage under more than one **Plan**. **Plan** is defined below. All benefits provided under this policy are subject to this section.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" type contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and co-payments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- (2) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- (3) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
- (4) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B. (1) Except as provided in Paragraph B(2) below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or

If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

The **Plan** covering the **Custodial parent**;

The **Plan** covering the spouse of the **Custodial parent**;

The **Plan** covering the **non-custodial parent**; and then

The **Plan** covering the spouse of the **non-custodial parent**.

(c) For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel** plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A Payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

GENERAL PROVISIONS

NOTICE OF CLAIM. Written notice of a claim must be given to us within 90 days after the incurred date of the services provided for which benefits are payable.

Notice must be given to us at our Home Office, or to one of our agents. Notice should include the Policyholder's name, Insured's name, and policy number. If it was not reasonably possible to give written notice within the 90 day period stated above, we will not reduce or deny a claim for this reason if notice is filed as soon as is reasonably possible.

CLAIM FORMS. When we receive the notice of a claim, we will send the claimant forms for filing proof of loss. If these forms are not furnished within 15 days after the giving of such notice, the claimant will meet our proof of loss requirements by giving us a written statement of the nature and extent of loss within the time limit for filing proofs of loss.

PROOF OF LOSS. Written proof of loss must be given to us within 90 days after the incurred date of the services provided for which benefits are payable. If it is impossible to give written proof within the 90 day period, we will not reduce or deny a claim for this reason if the proof is filed as soon as is reasonably possible, and unless the claimant does not have the legal capacity to provide proof of loss, proof of loss is provided not later than the first anniversary of the date proof of loss is otherwise required. **PROOF OF LOSS.** For Eye Care benefits that use either the EyeMed or VSP network, please refer to the limitations section on the Eye Care Expense Benefits page.

TIME OF PAYMENT. We will pay all benefits no later than the 60th day after the date the Proof of Loss is received. Any balance remaining unpaid at the end of any period for which we are liable will be paid at that time.

PAYMENT OF BENEFITS. Contracting Providers have agreed to accept assignment of benefits for services and supplies performed or furnished by them. When a Non-Contracting Provider performs services, all benefits will be paid to the Insured unless otherwise indicated by the Insured's authorization to pay the Non-Contracting Provider directly.

Direct Payment of the Texas Department of Human Services

Other provisions of the policy notwithstanding, whenever we are notified that the Texas Department of Human Services has incurred expenses in connection with dental treatment for a person who is insured under this policy, benefits which would otherwise be payable to the Insured, if any, will be paid to the Texas Department of Human Services, but only to the extent of the actual costs incurred by such Department.

Benefit Payment to Parent of a Dependent Child

Regardless of any policy provision to the contrary, if:

1. a minor child is a dependent under this policy; and
2. such dependent child incurs expenses;

we will pay benefits to the parent of the dependent child who is not a Member of the group. Such parent must be legally designated the managing conservator of the child. We must receive evidence of this before we will pay benefits.

We will not pay benefits to the managing conservator in the following situations:

1. If the parent who is a Member of the group has legally assigned benefits to a provider, we will pay benefits to the provider.

2. If the parent who is a Member of the group has paid any portion of the expenses and those expenses are covered under the terms of the policy, we will pay benefits to the Member.

FACILITY OF PAYMENT. If an Insured or beneficiary is not capable of giving us a valid receipt for any payment or if benefits are payable to the estate of the Insured, then we may pay the benefit in an amount not to exceed \$5,000 to the insured or the insured's assignee.

Any equitable payment made in good faith will release us from liability to the extent of payment.

PROVIDER-PATIENT RELATIONSHIP. The Insured may choose any Provider who is licensed by the law of the state in which treatment is provided within the scope of their license. We will in no way disturb the provider-patient relationship.

LEGAL PROCEEDINGS. No legal action can be brought against us until 60 days after the Insured sends us the required proof of loss. No legal action against us can start more than three years after proof of loss is required.

INCONTESTABILITY. Any statement made by the Policyholder to obtain the Policy is a representation and not a warranty. No misrepresentation by the Policyholder will be used to deny a claim or to deny the validity of the Policy unless:

1. The Policy would not have been issued if we had known the truth; and
2. We have given the Policyholder a copy of a written instrument signed by the Policyholder that contains the misrepresentation.

The validity of the Policy will not be contested after it has been in force for one year, except for nonpayment of premiums or fraudulent misrepresentations.

MISSTATEMENT OF AGE. If the age of an Insured has been misstated, the amounts payable under this policy are the amounts the premium paid would have purchased at the correct age.

WORKER'S COMPENSATION. The coverage provided under the Policy is not a substitute for coverage under a workmen's compensation or state disability income benefit law and does not relieve the Policyholder of any obligation to provide such coverage.

GENERAL PROVISIONS (CONTINUED)

CONFORMITY WITH LAW. Any policy provision that conflicts with the laws of the state in which the policy is issued, when the policy is issued, is automatically changed to meet the minimum requirements of those laws.

ENTIRE CONTRACT. The policy and the application of the Policyholder constitute the entire contract between the parties. A copy of the Policyholder's application is attached to the policy when issued. All statements made by the Policyholder or an Insured will, in the absence of fraud, be considered representations and not warranties. No statement made to obtain insurance will be used to void the insurance or reduce the benefits of this policy unless it is in a written application signed by the Policyholder or Insured. A copy of this must have been given to the Policyholder or Insured.

No change in this policy will be valid unless approved in writing by one of our officers and given to the Policyholder for attachment to the policy. No agent has the authority to change this policy or waive any of its provisions. Any change in this policy will be valid even though an Insured may not have agreed to it.

INSURANCE DATA. The Policyholder will furnish, data necessary to administer this policy. The data will include, but not be limited to data:

- i. necessary to calculate premiums;
- ii. necessary to determine a person's effective date or termination date of insurance;
- iii. necessary to determine the proper coverage level of insurance.

We shall have the right to inspect any of the Policyholder's records we find necessary to properly administer this policy. Any inspections will be at a time and place convenient to the Policyholder.

We will not refuse to insure a person who is eligible to be insured just because the Policyholder fails or errs in giving us the data necessary to include that person for coverage. An Insured's insurance will not stay in force nor an amount of insurance be continued after the termination date, according to the Conditions for Insurance, because the Policyholder fails or errors in giving us the necessary data concerning an Insured's termination.

CERTIFICATES. We will issue certificates to the Policyholder showing the coverage under the policy. The Policyholder will distribute a certificate to each insured Member. If the terms of the certificate differ from the policy, the terms stated in the policy will govern.

PARTICIPATION REQUIREMENTS. There are two requirements that must be met in order for the policy to be placed in force, and to remain in force:

- a. a certain percentage of all Members qualified for insurance must be insured at all times; and
- b. a certain number of Insureds must be insured at all times.

The Participation Requirements are as follows:

Percentage of Members-

100% Participation in another dental plan will be considered as participation in this policy.

Number of Members-

19

TERMINATION OF THE POLICY. The Policyholder may terminate this policy as of any Premium Due Date by giving us written notice before that date.

We may terminate this policy on the earlier of:

1. any Premium Due Date if the participation of Insureds and/or Dependents does not meet the requirements in "Conditions For Insurance." Written notice of termination of insurance must be given to the Policyholder at least 45 days before the date of termination.
2. any Premium Due Date on or after the first policy year, for reasons other than lack of participation. Written notice of termination of insurance must be given to the Policyholder at least 60 days before the date of termination.

If any premium is not paid when due, this policy will automatically be terminated as of the Premium Due Date, except as stated below.

GRACE PERIOD. This policy has a 31 day grace period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following 31 days. During the grace period, the policy will stay in force. If the Policyholder has not sent us a written request to terminate the policy and a premium is not paid by the end of the grace period, the policy will terminate at the end of the grace period. If the Policyholder gives us written notice of termination before the Premium Due Date, the policy will be terminated as of the date requested. The Policyholder will be liable for any unpaid premium for the time this policy was in force, including the grace period.

CONSIDERATION. This policy is issued to the Policyholder in consideration of the application and the payment of premiums specified in this policy.

TERMS AND CONDITIONS. Payment of any benefit under this policy is subject to the definitions and all other terms of this policy pertinent to the benefit.

NOTICE OF DECISION OF CLAIM

We will evaluate your claim promptly after we receive it.

Dental Utilization Review Program. Generally, utilization review means a set of criteria designed to monitor the use of, or evaluate the medical necessity, appropriateness, or efficiency of health care services. We have established a utilization review program to ensure that any guidelines and criteria used to evaluate the medical necessity of a health care service are clearly documented and include procedures for applying such criteria based on the needs of the individual patients. The program was developed in conjunction with licensed dentists and is reviewed at least annually to ensure that criteria are applied consistently and are current with dental technology, evidence-based research and any dental trends.

We will provide you written notice regarding the payment under the claim within 30 calendar days following receipt of the claim. This period may be extended for an additional 15 days, provided that we have determined that an extension is necessary due to matters beyond our control, and notify you, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which we expect to render a decision. If the extension is due to your failure to provide information necessary to decide the claim, the notice of extension shall specifically describe the required information we need to decide the claim.

If we request additional information, you will have 45 days to provide the information. If you do not provide the requested information within 45 days, we may decide your claim based on the information we have received.

The person conducting the review will not give deference to the initial denial decision. This health care professional will be someone other than the person who made the original judgment and will not be subordinate to that person. Our review will include any written comments or other items you submit to support your claim.
